*Transforming from a Church into a
Disciple Movement one step at a time*

Do church the way you normally do it—but add the elements after church.

Do church the way you normally do it—but add the elements after church.

During the service, take some good time to share testimonies. And through those testimonies, invite people to be part of Church Plus, which begins right after the service ends.

The Power of Testimony: Do It Again, Lord

Testimony is more than information—it means “Do it again, Lord.” When we share what God has done, we release faith for Him to do it again. Testimony carries the Spirit of prophecy, pointing to Jesus. It is not entertainment—it is power. Through testimony, hearts open, hope rises, and lives are changed.

3. How You Can Implement This in Your Church

The Right Seed

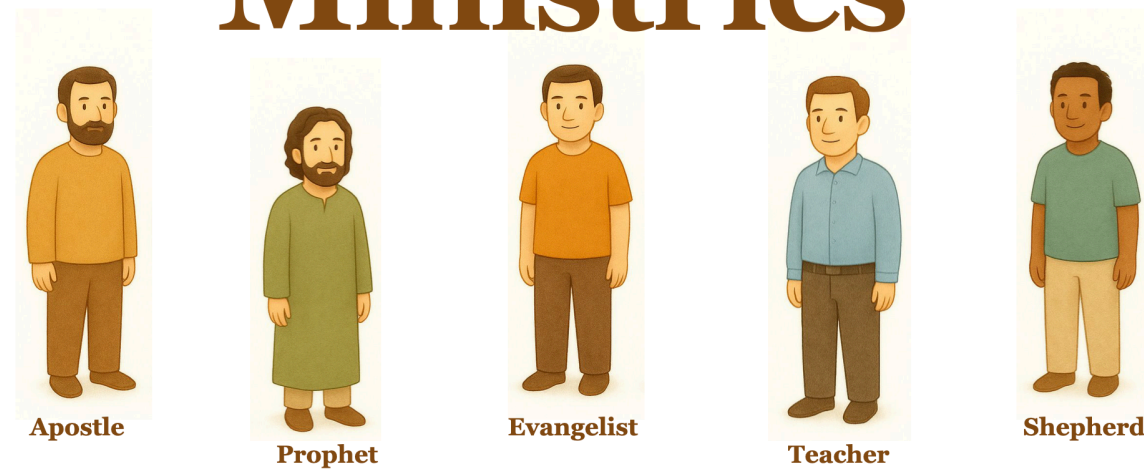

The Right Ground

Becoming doers of the word

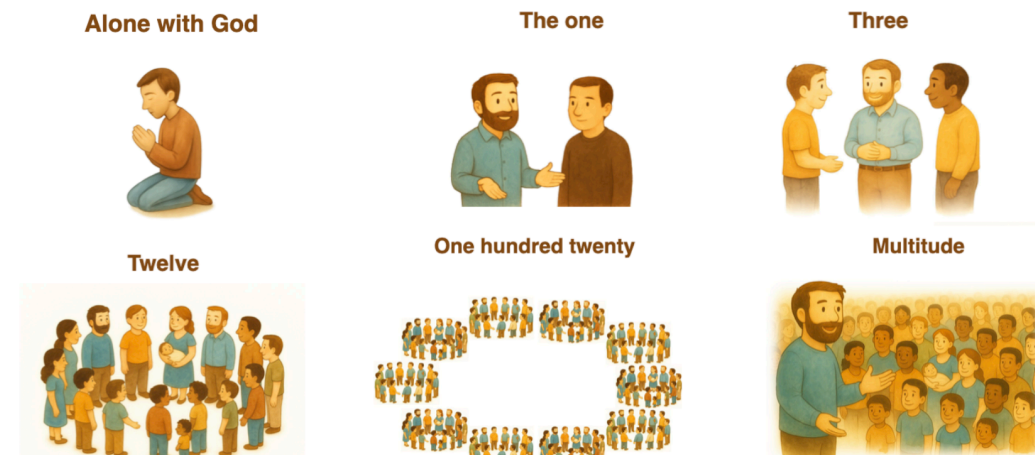

The Five-Fold Ministries

The Spiritual Level

Following the model of Jesus

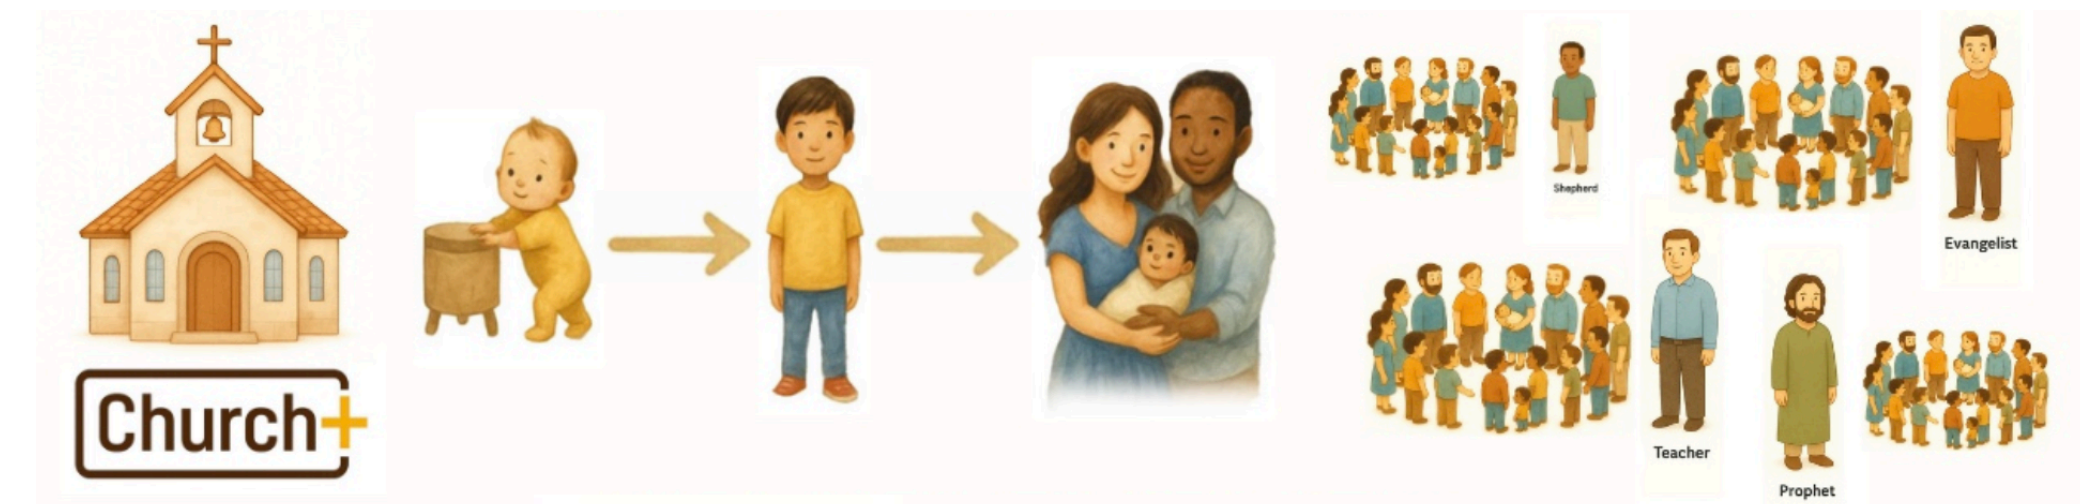

Step One: Start with the Right Seed

Take one—two months. Every Sunday. Every meeting.

Keep focus on the seed until everyone has truly understood the gospel and experienced repentance, been baptized in water, and received the Holy Spirit.

Train Them to Sow the Seed

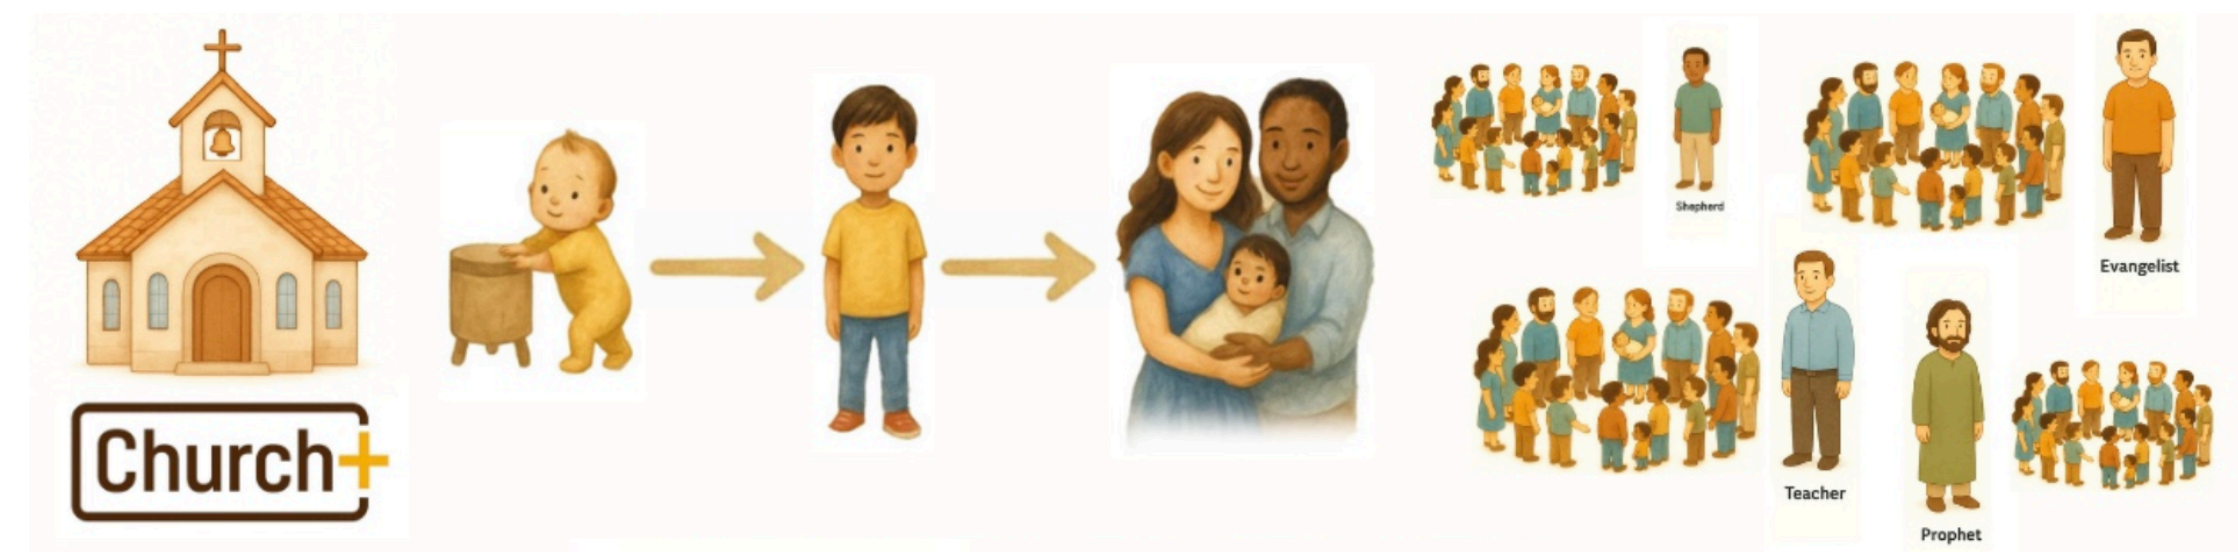

- Teach them
- Train them to share the gospel (use gospel cards, cups or cookies, simple tools)
- Watch how the seed begins to transform their lives, and how it starts impacting people outside the church as they grow bold in sharing the message

Step Two: Begin to Kickstart People

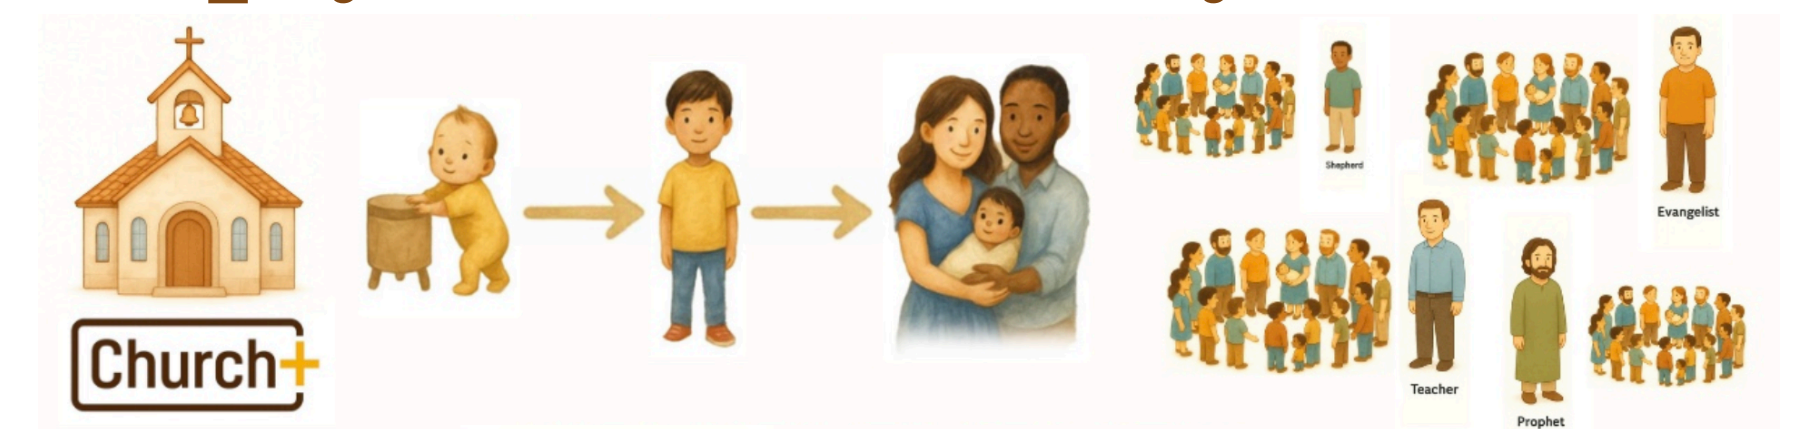

Help them become doers of the Word. Take them one by one.
Find others in your church to help, because you cannot do it all alone.

As you walk this journey, you will begin to discover who is the **good ground**.
Invest extra in those people, let them grow, and encourage them to share testimonies with the church.
As more see the fruit, more will be inspired and join in.

Step Three: Add the Different Elements and Change the DNA

- **Keep your normal Sunday meetings**, but dedicate more and more time to testimonies as you introduce the elements one by one.
- Over time, this will transform the **DNA** of the church.
- You will see **fruit in some people right away**, while for others it may take longer.
- **Keep going, even when it feels hard**—because suddenly, you will see a real shift.
- Remember—it can take **a year or more** for the DNA of the whole church to change, but then you will begin to see fruit in the **second and third generation**.
- **Be patient and stay focused**—lasting fruit will come. You will begin something that continues to grow and multiply, even when you are no longer there.

What do you want?

A church filled with churchgoers, or a church filled with disciples who multiply and make more disciples?

Do you want to be a missionary, or an effective disciple-maker in your everyday life?

A church with 1,000, or a movement that is changing the world?

What do you want?

The first question is:

What do you want?

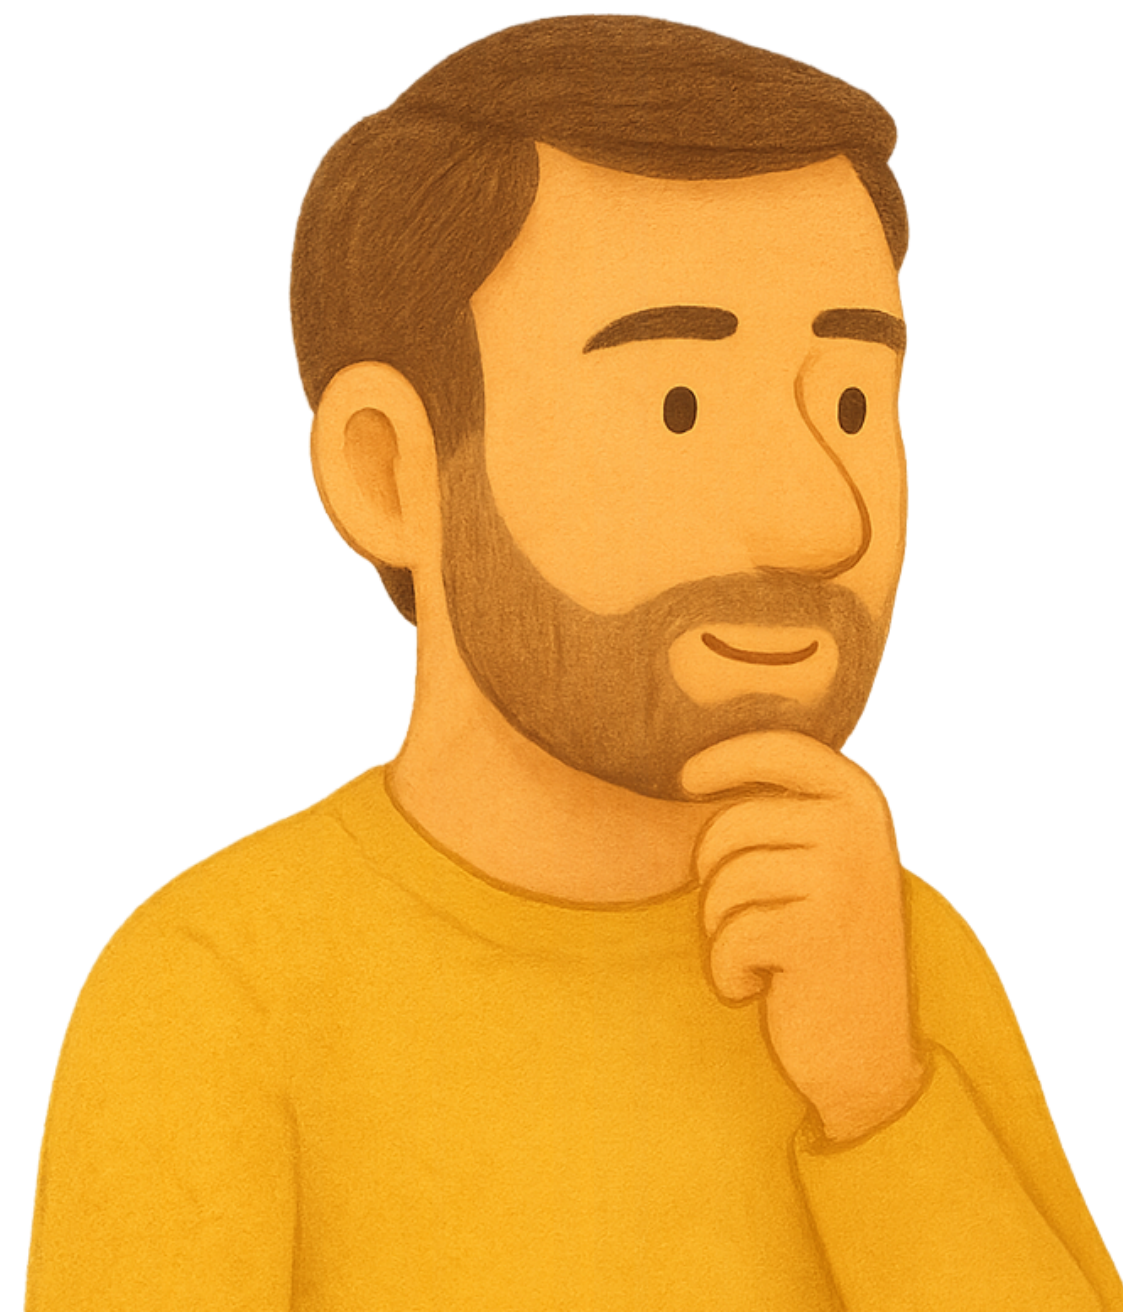

Next question is:

Do you dare to take an honest look at your life,
church, or ministry?

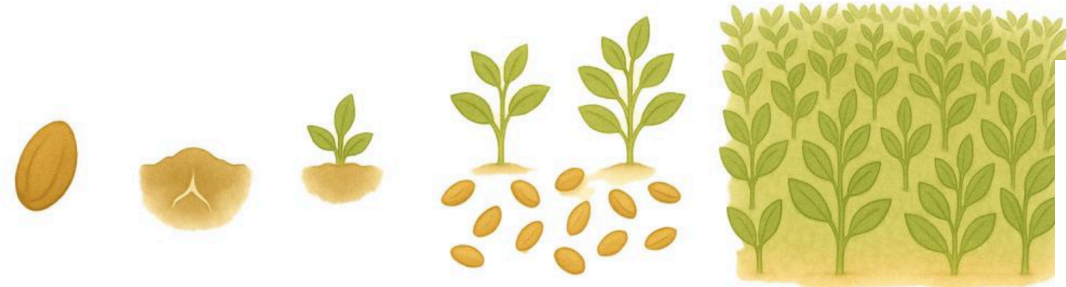

Third question is:

Are you willing to let go of what holds you back in order to see this happen, and are you prepared to pay the price, no matter what the cost?

Welcome to the “Together” Page

We are very excited to welcome you here! What you’ll find on this page is truly the result of God’s transformative work in Torben Søndergaard’s life during those 412 days in jail. As he shared in his book “412 Days,” it was in that season that God spoke deeply to him **about the church**, about how we truly need each other, and about a vision for bringing transformation and reformation into the body of Christ.

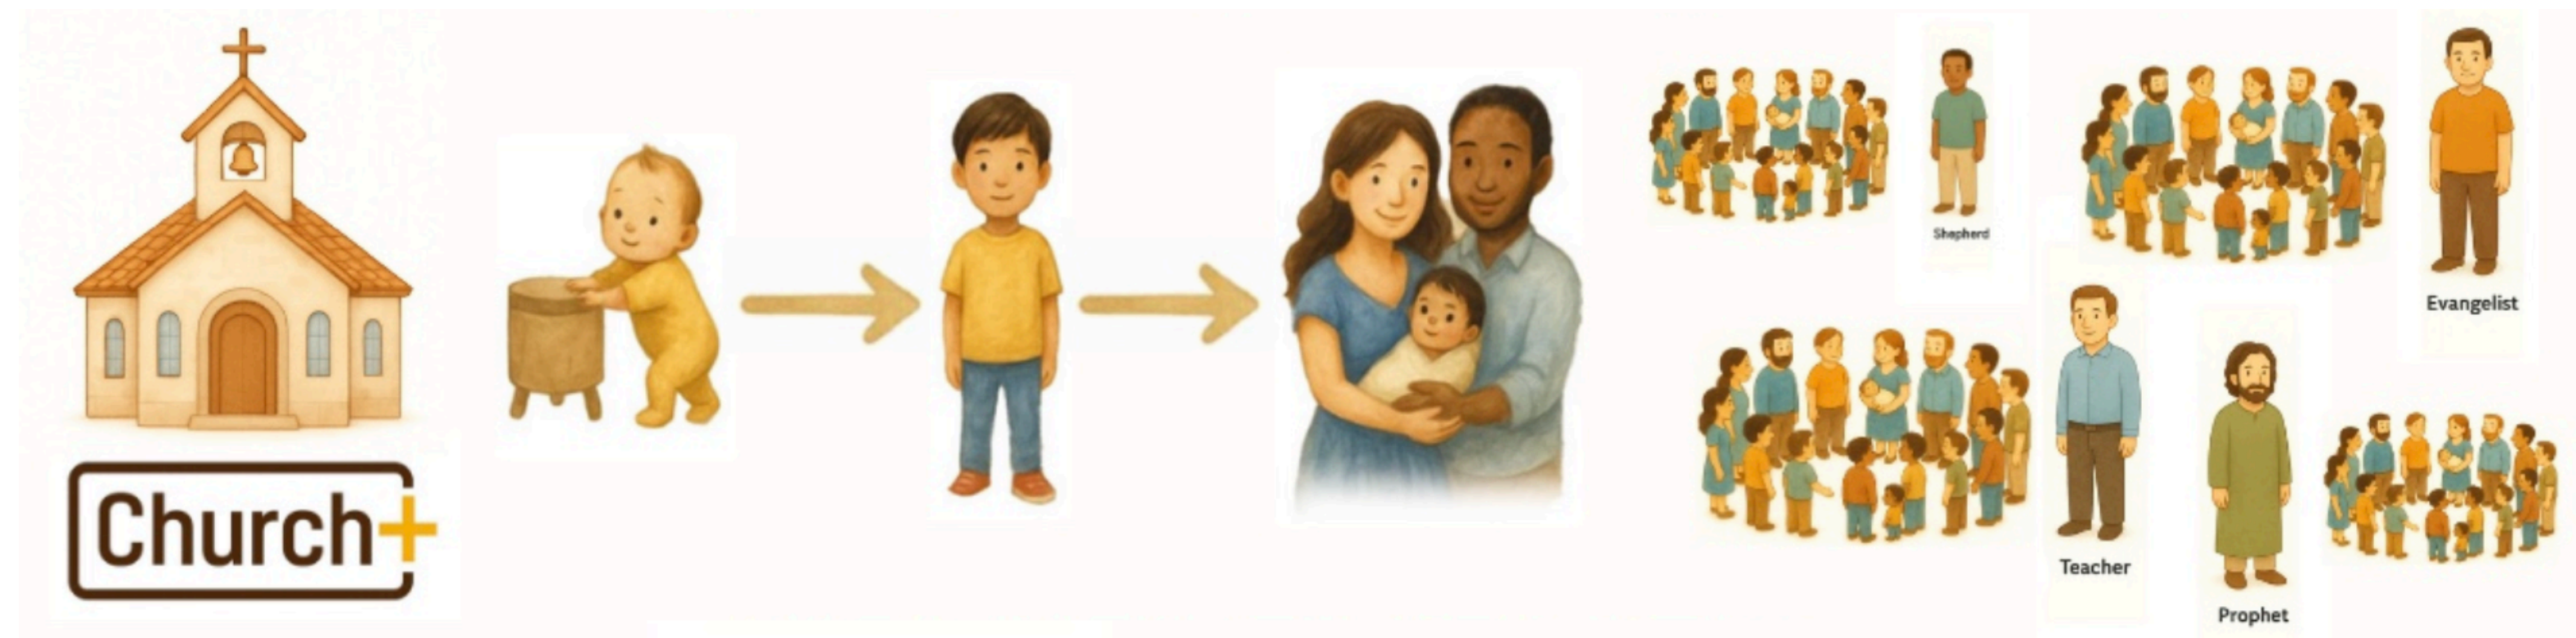

Now, two years later, we’re thrilled to share **two very special videos** with you. The first, “**Reforming the Last Reformation**,” is directed toward our network and ministry —The Last Reformation—highlighting the kind of reform we are seeing and hoping to see spread everywhere.

The second video, “**How to Create a Movement**,” is an invitation to everyone beyond our ministry to join us in working together for the kingdom.
